

FBT Management

SIMPLIFYING THE FBT PROCESS

Whether you own, lease with FleetPartners or elsewhere, we can manage your FBT for you.

Most businesses have to file FBT returns, but it can be messy and time-consuming. FleetPartners FBT Management offers a solution that simplifies the FBT process.

FleetPartners online FBT Management Portal can be accessed anywhere, anytime by any device using a secure login.

All you need to tell us is:

- When would you like to start using the portal
- What vehicles you want to include
- Who captures FBT exempt days for each vehicle

We'll check:

- FBT values of vehicles
- Email addresses of drivers

We'll manage your FBT event by:

- Opening the FBT portal
- Issuing portal invites
- Support drivers to use the portal
- Email reminders
- Manage undeliverable emails
- Manage driver updates
- Provide Progress Reports

Features

Customised for your business - you define the start and end date of the collection period, timing reminders are sent and the daily exemption types.

Driver and Fleet Manager profile logins.

Real time reporting including data entry and submission status of all users. Final tax report for IRD.

User Guides and Quick Reference Sheet for all users.

24/7 secure online access via web browser

Benefits

Convenience - the portal allows drivers to register exemptions, upload contribution receipts and download submitted exemptions at any stage throughout the FBT reporting period - making it easy and convenient

Reduce operational overhead - remove the hassle of completing your FBT exempt days or sending constant reminder emails to drivers or pool vehicle managers to submit their usage.

Increase accuracy of returns - by utilising FleetPartners FBT Portal, drivers have the ability of loading exemptions in real time, thus improving the quality of data.

Reduce tax payments - greater accuracy of returns often leads to tax payable.

To organise a no obligation presentation of FleetPartners FBT Management Portal, call us today.
